New Belle Glade Postoffice Is On "Eligible List"

The "Yes and No" Boys Have Finally Taken One Step Forward

"The No's" has been won out by Inspectors and sub-treasurers of the Post Office Department pointing out the innumerable to our getting postal service which the community so sorely needs.

Finally, our representations have been made in the right direction—to our Senators and Congressmen.

Senator Holland and Dwight Rogers have each received assurance from the Fourth Assistant Postmaster General, by direct, that "The Boy's" case is an eligible project" and the statement that "acquisition of a site and the erection of a building will cost approximately \$150,000.

As long as flood control was our prime need, our postal representatives could not afford to suggest activity for other less needed projects, but now that this job is nearing fruition, our friends may, and have, our postal workers' demands met.

Senator Holland says, "Con-

gress has not as yet authorized

a public works program, however,

we hope to pass legislation

this session which will au-

thorize the acquisition of sites

and plantations where no

doubt there is a latent de-

sire to serve in the future."

Surely now, if you run a busines

and you are satisfied

with your postal service write

the Commissioner of Posts or

else say as much; if you think

you need more efficient

postal service give them some

good reason why you think so.

Then, if you are one of those

thinking persons, aside from

the Chamber of Commerce and

the HERALD, think we need

action.

Please the time to write your

visits so that your Washington

representatives will know what

to do; they want to be sure

they do the right thing; they

want to believe they are

doing the right thing.

Help yourself and help others

to help you get a post office

and a good postal service, or do

some writing on your own.

With enough moral support,

your congressmen and Senators

will get us improved postal ser-

vices.

Government To Pay

Billions For Vet

Insurance Claims

Local Golfers Will Attend Elks Tourny At Coral Gables

Routine business was the order of the meeting of Belle Glade Lodge of Elks on Monday night. The Entertainment Committee gave a general report over its work and something will be hatched with in the near future to entertain the members and women folk.

Tommy McWhorter, "Doc" Van Lanen, D. I. M. G. Ham, O. C. McWhorter and Robert Creek, Jr., as the team to represent the local Lodge in the annual golf tournament at the Baltimore course in Coral Gables on Sunday. A number of other Elks will make the trip and will engage in a friendly competition.

Four of the five accepted,

but the fifth, who was invited

to serve in the Elks club house at Coral Gables and will be followed by a program of entertainment.

City Election For 3 Commissioners On September 13th

Local announcement is published in this week's issue of the Herald calling for the annual municipal election which comes on September 13th.

For the election of three commissioners, the voting hours will be from 8 A.M. to 6 P.M.

Candidates for the commissionership may file their petitions with the clerk from August 9th to August 19th, and they must be bondsmen. Petitions will be filed at the City Clerk's office.

Luther Jones, representing 40 property owners in the northwest portion of the city, and whose names were decided to a petition, requested the election to be held on the 13th.

The commissionership will be held at the home of the City Clerk on September 13th.

One committee will be elected from each of the northeast and west zones for a period of two years.

To vote, registration is necessary, and these books are now available at the City Clerk's office.

Electors are not required to be

homeholders, in this election.

Industrial Program Will Be Staged By RDB In This County

Palm Beach County "needs" are discussed at the monthly Board of Education and Development Board Directorate last Thursday night in its monthly session.

There was no dissenting opinion in the premise that we need more year round business, Prentiss E. Kirchmeyer, P. F. DeMoya, R. D. Hill and other members of the Board of Education.

Board members agreed that more effort must be placed behind the development of industrial programs.

L. B. Rackley, the State Game and Fish Commissioner, was the guest speaker at the meeting.

He spoke on the value and importance of our tourist trade as the number one basis of our economy does not conflict with or eliminates the need for industrial and agricultural expansion in the opinion of Board members.

RDB is prepared to spend a large amount of money on a "plus or minus" program and is pledged to procure manufacturing prospects. Those who respond to our ads must be carefully followed up and failure to do so will certainly determine whether or not our area is the proper location for their plants.

Industrial services were conducted Monday at 2 p.m. at the Lake Hamilton Lodge on the St. Johns River, followed in the same manner in the community there.

Survivors include his wife, Mrs. Agnes Rackley, Lake Hamilton, and Harold of Winter Haven; one daughter, Mrs. E. H. Browning of this city; father, Mr. M. R. Miller, one brother, Dr. H. P. Tracy, Thomasville, Ga., two sisters; Mrs. George Mayes, Miller, and Mrs. Leroy Coward, formerly of Georgia; Mrs. Charles L. Lindbergh, Terry and Linda Lee Browning of Belle Glade.

All areas of the county are urged to determine when they will visit their local RDB meeting. Every community will be invited to send a representative and the directors are instructed to plan the dates, agenda and programs for a constructive local meeting designed to further every section of Palm Beach County proper.

Guardsmen Secure Advanced Military Training At Camp

When Captain A. J. Lively, and his staff officers, landed at the local barracks, there was a bunch of tired but happy men, for their advanced training in military tactics had been a rather strenuous one, to say nothing of the travel fatigue.

Riding in Pullmans from West Palm Beach Camp Jackson, the Florida units soon set up camp awaiting the orders of the Commandant.

A Choya, Mun super for smokers' and invited guests last Saturday night was a success, with all the men endorsed by the Board of Camp.

Flood Protection For City By New Dikes To Be Built

Simmons and Weeks have begun the building of a dike one mile north-and-south along the east line of the canal which joins the lake from the Hillsboro home place and other properties.

The Internal Improvement Board has signed the contract to pay for this work in reply to requests of the City Fathers the South Florida Conservator District for the dredging of the canal.

The 1947 flood backed up against the east side of the Soo North of the Hillsboro and Franklin efforts kept the 3 1/2 miles of Canal from the entire Cocalo pumping unit, as well as all of Belle Glade north of the Hillsboro. The '48 storm did about the same damage.

The 1948 flood backed up against the dike from the south there will be a continuous dike from the Hillsboro to the Canal, thus keeping back all the water in the Canal district, thus keeping back all the water in the Canal.

To protect its own holdings at the Prison Farm, as well as the Canal, the Canal district in the absence of the water, with all in the hands of the City or So. Fl. Dist. the I. T. Board authorities—the Canal will be flooded by September 1st, or earlier, as soon as the Canal is dry.

The Canal will be dredged by the City Clerk.

New Brick Cottages At Prison Farm Being Occupied

Billy Taylor Closes Services On Police Force

"Billy" Taylor, son of the late Mayor George Taylor, who had been a member of the city police force for nearly a year.

Summer morning, his duties by turning in his equipment and badge to his superior officer, Billy and his family are moving to Homestead, Fla., where he expects to enroll in medical school work at the fall semester.

Billy is a World War II veteran, having served in the Signal and the Palestine sectors.

Mrs. Taylor, a Registered Nurse

of the Belle Glade Memorial Hospital, will be yet another started on the proposed new home for the superintendent but is scheduled to start after the first of October.

Turkey And Birds Plentiful For Coming Fall Hunting Season

S. L. Dutto, conservation officer, reported to the state land and the present prison site was the rough, rugged volume of dead trees and brush which had to be started from scratch to bring it to its present status.

The cultivated acres of the farm will be used for raising turkeys and game birds, while the remaining land will be used for raising deer, wild boar, and other game animals.

High State Moose Official Dies In Clearwater Monday

Judge Jack O. Johnson, Governor of the Belle Glade Lodge of Loyalty Order of Moose, received a message on Monday afternoon that his son, John F. O'Donnell, who had been a member of the Lodge since 1938, had died.

John was born in Clearwater on September 1st, or earlier, as soon as the Canal is dry.

The Canal will be dredged by the City Clerk.

Seining For Catfish Not Detrimental To Sport Fishing

State Game and Freshwater Commission, in a letter to the City of Belle Glade, advised that the results of the past year's seining in that territory will be taken into account in the planning of the proposed drainage of the Canal.

The report states that the taking of cat fish has not materially affected the volume of game fish in the lake, which are open for all kinds of sport fishing.

This study is made by having a boat present when each of these crews, operating under state permits, make a haul. The fish are separated, game fish being returned to the water, while the discarded fish, the fishermen being allowed to keep the catfish for sale. Close check is kept of the take of each crew.

Deutsche contended that it is impossible for fishermen to make a living from the supposed operation, especially when the catch is so small.

Colonel Teale is still suffering from service connected disabilities from his South Pacific tour; we understand this includes his transfer; he was with the best wishes of this area.

Now a friendly top echelon of the Board had to do the same thing, and McDonald finished with the best wishes of this area.

Colonel Teale is still suffering from service connected disabilities from his South Pacific tour; we understand this includes his transfer; he was with the best wishes of this area.

We welcome Colonel Pearson and believe they will have a good time in their vacation. We hope they will return to the area after the summer vacation.

Our welcome to Captain and Mrs. L. B. Rackley, the State Game and Freshwater Commission, and the grape-vine informs us that we have to deal with a man who is "long on talk and short on action." But we are sure he will be a good man with whom to work.

He is a man of great experience and has a good record of service.

Budget Board Will Provide Matching Flood Funds When U. S. Engineers Are Ready

Father O'Farrell Accepts This Parish

The Reverend Father William J. O'Farrell has recently assumed duties as Pastor of Mary's Parish in Pahokee and St. Margaret's in Clewiston. Fr. O'Farrell was born in County

Budget Commission Members Assume Assistant Of Money When Needed

Mr. Dave Turner of Ft. Lauderdale newly inaugurated Chairman of the Central and South Florida Flood Control District may have received his information and impression from untrustworthy sources—or he has been used by opponents of the economy block?

Mr. Turner, on account of his office position, normally would receive his "dope" from the "hosses mouth" but he erred a bit when on the day of his taking over the Legislature he was used by opponents of the economy block.

Having in mind the disappearance of monies that were appropriated for the tuberculosis hospital at Lantana before they could be used in building the new hospital, Mr. Turner, in statement only one thing—he was a possibility that somebody had ideas about using funds appropriated for the Legislature for flood control.

Fr. O'Farrell was Administrator of St. James Parish in Orlando until 1948, and Pastor of St. Joseph's in Loretto until 1949.

In surviving the priesthood at St. Philip's Church here.

He is supervising the construction of the new church of the Crucifixion, the home of Father O'Farrell, at the Community Club.

William (Billy) Cromwell who has been advertising off the Seminole Broadcasting Co. for about a year has severed that connection and is now in the employ of the Columbia Pictures Company field salesman, assuming such duties on last Monday.

Auto Accident Causes Death Of Maurice Angel

Another fatal automobile accident occurred early this morning in which Maurice Angel, aged 22, of Pahokee, was killed.

Angel was driving west when the front right tire of his car burst, causing him to lose control of the car, which left the highway, rolled over several times, and struck a utility pole. A nail was thrown from the car on the highway and was unconscious but had died before he reached the hospital. The accident occurred in front of the entrance to Camp Okeechobee.

The entire left side of the Chevrolet sedan was badly mangled.

The driver of the vehicle, Richard L. Williams, 21, of Pahokee, when he went to the trap the next morning had made his catch of a wild boar.

Williams, who was a member of the local hunt, was shot in the head when he turned the regulation army transfer for duty.

We welcome Captain and Mrs. Pearson and believe they will have a good time in their vacation. We hope they will return to the area after the summer vacation.

HOME DEM. CLUB HAS HEALTH PROGRAM

The Belle Glade Home Demonstration club had an excellent meeting at the Women's Club, Thursday evening with an interesting Health program.

Miss McCallough of the Memorial Hospital Nursing Staff, was the guest speaker, she speaking on the subject of "Care of Infants."

Reports were made of the past quarter of the club activi-

ties which showed that numerous projects had been subject of study and activity by the members.

A regular report was made of the summer of Club members of the county at Lake Osborne.

Women who might be desirous of participating in the country canning contest which will be held on August 15 and desire to place their canning entries in the races can do so at the fair grounds. John M. Gledhill, at 424 S. E. Fourth street, and they will be placed in the exhibit for judging.

The opening of the next year's work and program will come in September.

KENTUCKY WEDDING FOR COLLINS—ENLOW

The marriage of Anne Thomas Collins, daughter of Mr. and Mrs. A. Collier of Lexington, Ky., and Phillip Enlow, son of Mr. and Mrs. I. E. Enlow, was solemnized at 12:15 at the home of the bride, with Rev. Enlow officiating.

The bride wore a street length white embroidered organza with full skirt, short sleeves, round neck and self covered buttons up the front length of the front of the bodice. Her hair was of white hairbreadth, and she carried a shower bouquet of pink roses.

Miss Joyce Lewis of Georgetown, Ky., was the brother's best man. Mrs. Enlow, mother of the bridegroom, was sheeted in white with matching accessories, and a corsage of pink roses. Mr. Collins wore a printed silk, red and orange.

After the ceremony, a reception was given at the bride's home.

The young couple left off a week long trip north, and will return to their home in Delano, Fla., where he is basketball coach at the high school.

The bride's mother, grandmother of the bridegroom, was sheeted in white with matching accessories, and a corsage of pink roses. Mr. Collins wore a printed silk, red and orange.

OBSERVATIONS

Continued from page 1
of the new highway recently opened, between these towns. We were greatly surprised by the beautiful territory and the great agricultural and pasture improvements, and the numerous dikes which protect their properties from flood water. Pierce Bros. have a mammoth ranch over in that section, as do the Close interests. Was surprised

at the size of the mouths of Fanning Creek and the Kissimmee River. Lots of potential wealth over in those two counties for the cattle business.

An excellent drive from Belle Glade to Lakeland they run through a number of communities which bear Indian names. First there is Pahokee, Port Mayaca, Okeechobee and Haw, Hobe, Holopaw and others. Many of our river sys-

tems and lakes also bear Seminole Indian names, such as Kissimmo, Tohopekaliga and Alligator. This territory was once the hunting and fishing territory of the Seminoles and the Indians to St Cloud to bathe in the mineral waters of East Tohopekaliga, to be cleansed of their illnesses. Now the same Indians are devoted to hunting, cattle and agricultural projects.

Last year when the Cleveland Indians were putting on that sensational drive for American League honors, and the subsequent World champion, many Indians were like crazy people, so intense did the interest grow. Early this season, when the Indians were not doing well, the Indians were quite down, but now that the Indians are making a good drive for repeating honors, the rabid fans again go wild yearly for victory. The Indians are raising as high as in their best playing form since they won the World's series.

Under the special adventure tax of three-tenths of a mill for the Central and South Florida Flood and Conservation district, \$43,802,35; and Dade County, \$171,181.00, or 92 percent of the entire tax. These funds will be used for reclamation, especially requirement of right of way lands. The state must produce the water conservation areas. The first phase of the work has been to dig clear around the 600,000 acres in the Glades, which will be available and protect agriculture projects.

While soda fountains mainly sell out less beverages while containing gas, yet there is nothing quite so refreshing as a tall glass of cold lime juice. It is something that satisfied almost as much as coffee. Owing to hot weather in the northern states, the demand for lemon and lime juice in California and Florida line growers have fallen heir to a million dollar windfall.

Operators who handle cattle sales in this section of the state, are looking with some apprehension at the future of the market in the Glades. The market, however, might mean to their business. As it is, the market gets thousands of head of cattle from the Glades, and last week in the state grossed near the \$20,000 mark, which is very good business.

Present indications are that the automobile and truck output for 1949 will exceed any former mark of such production. Many of the main car producers are rating the highest production and sale records in their history.

Mrs. Ruth Wedgeworth, who has established a farm and home in the Glades, in the Belle Glade section of the Glades, is fully sold on the permanency of established business and the potentialities of the future in addition to the Lake Worth Rotary club, Mrs. Wedgeworth, invited coast people to come out to the Glades for a long enough visit that they could actually see the heart of the great progress and activities of the area. She cited vegetables, corn, ramic, cattle raising and farm improvement as the present activities of the section.

The Florida Lion club delegation from New York at the annual convention made its presence known, through gaudy Seminole Indian shirts, its three crack school bands, its elaborate stage show. A band from Tallahassee carried off top honors in the band contest, and then did the delegation cut loose with a big jubilation event!

Lots of people stood and gazed at the big Simmental and Highland cattle that had been hauled the muck that was being placed between the cement foundation spaces at the new Buick Garage. Shovel and wheelbarrow work seemed to be more tedious in comparison to the work accomplished by the big beam and bucket machine.

Street Superintendent Thomas Pennington, who has long been in the employ of the city within the past ten years, is decided to take over this year, and is now away on it. With his wife and daughter he is journeying to spots that he was familiar with in the Carolinas and younging up in Georgia and Alabama. Tom used to be engaged in the vegetable trucking business, with his team and truck, recalls incidents that befell him while he was working in that type of work, as he passed through his travel.

When big James Mayner, assistant coach gets up in the catcher's station in the soft ball games, the catchers look like pigeons. "Jimmy" has a pretty good throwing arm as

some of the potential base stealers have found out to their sorrow. I stuck my neck out when I blurted that at least Bill Williams, the Indians' manager, sees them in the more I am convinced that my prognostication was not wrong. Note also that Tommy Williams is a pretty good base runner, and Murphy from Pakheeza a crack shortstop. Dorsey Pugh has been playing baseball so long that fast running against him does not faze him.

Local Guardsmen found plenty of work at Camp Jackson, and the Indians have some outside enjoyment. Camp life was none too hard for these husky Glad boys, and they like the trips.

The next few weeks are going to see Hugh Bradley stop over on Main Street as he travels his route from home to office. He will be having an eagle eye on the progress of the most strenuous of the erecting Contractors Roemer for the Everglades Federal Savings and Loan Co., Messrs. Ridel, Kirchman, Beck and Hooker, may also be inspecting as they are the directors of the Everglades bank.

Make an estimate of the population of Belle Glade under the next five and one-half years if it allows for reference, and when the official figures come out, see how near your estimate might be.

The Supreme Court of the United States has very ably jurist and a very influential public servant, when Justice Frank Murphy, of Michigan, died in a hospital in Detroit, his successor, Mr. Tamm, named his successor, it will be third member of the court that he has named. Murphy was a former Governor of Michigan, and had also filled many other prominent political offices and special mission jobs.

Acting with State Game missions, many of the largest commercial seafood fishermen, are taking steps to protect themselves by observing special fishing agreements. There was a day when Florida coast waters

were nearly as good as the Chesapeake bay waters for oysters and other shell fish. Sewage from cities had contaminated many of the former oyster beds, so oysters from them are no longer considered edible. Stone crabs are another sea delicacy which have practically disappeared from the commercial food list.

The mass of tourists traveling to Key West is mounting the toll fees so that the bonds can be paid off many years before maturity.

Mrs. McDonald, park superintendent at Paradise park, and the City Hall, has the Ridge Memorial Flower bed, a beautiful array of flowers will welcome visitors to the interesting scene, a heavy bias of hues of the rainbow and their combinations in roses, zinnias and other posies. The city hall prettifies also with mighty pleasing and attractive.

Commissioner Donley, let's have the west hard road gate to the soft ball grounds opened

and by doing so you will save time and money growing flowers. Let me have the power to stop parking on the entrance street, and fans will be more welcome. The walk to the trek across the football field, is terrible and exposing to the fans, and hard on shoe and clothing.

From echoes of the Lake Osborne Women's Demonstration club cutting flagging around my domicile I am led to believe that the "gals" had quite a turnover, some new features, spirts, good eats, and the final night "show" was that in its pure meaning along a bucolic type of entertainment and some character. "What I am Not?"

As long as West Palm Beach has had a movie theater house, the "Palms" show place was known as the "Florida." With the advent of a modern new theater, the old name will be changed for the "Palms."

The United States Health Department make report that the health conditions of Florida are the best in the country under the control of the Department of Health due to the outdoor life which

Willits Family**Meet In Family****Reunion Picnic**

Mr. and Mrs. E. M. Willits entertained at a family reunion yesterday at their home at Ft. Lauderdale for use of the Seminole. A seminary is maintained at the Chokoloskee Reservation, and Alvin of Marion, Mr. and Mrs. F. B. Willits, Frankie, Dick Dan and Doris, Mr. and Mrs. H. C. Willits, Mrs. Laura Crow, Barbara Jean, Mrs. John Willits all of South Bay, Bobby, Sue and Billy, Mrs. M. C. Vandenberg, Mrs. Helen, Sam and Joe, Eddie Beiner, of Miami, and he has expressed a willingness to accept.

Frank Yawn, a member of the Moore Haven City Commission, and also City Manager, will again serve on the commission, as he had no opposition to a re-nomination to the position.

Moore Haven Baptists Call A New Pastor

The Baptist congregation at Moore Haven, without a regular pastor for several months past, have organized and called Rev. George Beiner, of Miami, and he has expressed a willingness to accept.

Frank Yawn, a member of the Moore Haven City Commission, and also City Manager, will again serve on the commission, as he had no opposition to a re-nomination to the position.
